PROFILE SUMMARY

Data Analyst with 1+ year of experience in data analysis, data cleaning, and visualization using SQL, Python, Excel, and Power BI. Skilled in transforming raw data into actionable insights, creating interactive dashboards, and supporting data-driven business decisions. Passionate about solving business problems through data analysis and continuous learning.

EXPERIENCE

Data Analyst | DevelopersIQ | (1 Year)

- Analyzed and cleaned data using **Python**, **SQL**, and **Excel**.
- Identified trends, patterns, and business insights through data analysis.
- Created **Power BI dashboards** and data visualizations.
- Prepared accurate reports using Excel and **Google Sheets**.
- Supported data-driven decision-making through reporting and analysis.

EDUCATION

Gopal Narayan Singh University

B.Tech (CSE)

Over all CGPA: 8.81

Jamuhar, Rohtas

2022- 2026

PROJECTS

Project 1 – Face Recognition & Classification System [GitHub](#)

- Implemented PCA-based feature extraction to reduce dimensionality and generate Eigenfaces.
- Built and trained an Artificial Neural Network (ANN) for face classification.
- Pre-processed facial images and tuned model parameters for better performance.
- Improved face recognition accuracy and overall system efficiency.

Project 2 – Diabetes Prediction Web Application [GitHub](#)

- Developed a Diabetes Prediction web application using Django and Machine Learning.
- Implemented end-to-end ML workflow: preprocessing, EDA, model training, evaluation, and deployment.

SKILLS

Programming & Automation: Python, SQL, JavaScript, TypeScript, VBA, Google Apps Script

Data Analysis: Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Machine Learning

Business Intelligence & Data Visualization: Power BI, Qlik Sense, Looker Studio, Microsoft Excel, Advanced Excel, Google Sheets

Database & Enterprise Tools: SQL, MS Access, SAP, ERP Systems

Office & Productivity: MS Word, MS PowerPoint, Google Workspace

Web Technologies: HTML, CSS

AI & GenAI: Generative AI, Prompt Engineering, ChatGPT, Model Deployment

Core Skills: Reporting, Data Visualization, Data Accuracy, Problem Solving, Analytical Thinking, Attention to Detail
